

# OVAG International Healthcare

Delivering International Receivables Management Solutions worldwide for over 2000 clients

## Foreign aid for the healthcare industry

International accounts can be the most difficult to identify, bill and collect. Hundreds of millions of dollars are lost each year due to the inherent challenges that prevent hospital admitting and collection staffs from effectively pursuing these accounts.

Put OVAG's comprehensive international receivable management services in your corner to collect any of these problem accounts:

- International self pay accounts
- International travel insurance accounts
- Embassy and consular accounts
- International insured accounts
